I hereby certify that this paper or fee is being deposited with the United States Postal Service "Express Mail Post Office to Addressee" service under 37 CFR 1.10 on the date indicated above and is addressed to Commissioner for Patents, P. O. Box 1450, Alexandria, VA 22313-1450.

Kim Anderson

Sir:

A Notification of Defective Response was mailed to Applicants on February 13, 2006. In response, Applicants submitted a corrective Response on March 13, 2006. Subsequently, a Notice of Abandonment for failure to properly respond to the Notification of Defective Response was mailed on June 9, 2006. In response, a Petition to Revive enclosing a complete and proper response to the Notification of Defective Response was submitted on August 9, 2006, and was subsequently granted. After a Restriction Requirement was mailed to Applicants on November 6, 2006, it was discovered that the August 9, 2006 Petition contained certain errors relating to the sequence listings. The instant communication is a supplemental Response to the Notification of Defective Response mailed February 13, 2006. This communication is intended to correct the errors contained in the previous submission dated August 9, 2006.

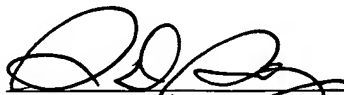

Pursuant to the requirements of § 1.821(e), I hereby state that in accordance with the requirements of § 1.824(d), a diskette containing a computer readable form of the Sequence Listing was filed in the above application, Serial No. 10/527,257, filed March 9, 2005, International Application No. PCT/CN2002/000631, International Filing Date September 9, 2002. The material on this diskette is identical in substance to the Sequence Listing appearing on pages 1-3 of the specification. No new matter has been added.

Please note that the Examiner instructed Applicants to file the instant communication, rather than a Response to the Restriction Requirement dated November 6, 2006. Applicants look forward to confirmation from the Examiner regarding the appropriateness and completeness of the instant Supplemental Response and further instructions regarding the outstanding Restriction Requirement in the present application.

Applicant does not believe there are any additional fees with this Response. However, the Commissioner is hereby authorized to charge any deficiencies and/or credit any overpayments to Deposit Account No. 01-1420.

Respectfully submitted,
